CND Colour in Bicycle Yellow

Tipping Point

Hands down, bold color is the best nail trend for summer, and the trick to pulling it off is maintenance. "A topcoat that contains UV protection is key right now, when sunlight can cause your manicure to fade quickly," says celebrity manicurist Elisabeth. Reapplying every other day also helps nails stay chip-free. (Back hand, left to right: CND Colour in Bicycle Yellow; Ruston Top Speed Mail Enamel in Pink Lingerie; Essie in Borrowed & Blue; OPI Nail Lacquer in Ocean Stone Paige; Nicole by OPI Nail Lacquer in Daffy Dill.
