

COLOUR & EFFECTS

SUPER SHINEY™

FREE:
No Formaldehyde,
Toluene or DBP

WHAT IT IS

A super-hard, high-gloss 3-free top coat.

WHAT IT DOES

Offers a durable shine while sealing and protecting nail Colour.

WHY YOU NEED IT

- Provides a scratch-resistant shine.
- Seals and protects nail Colour.
- UV absorbers guard against fading and discoloration.
- 3-free formula does not contain Formaldehyde, Toluene or Dibutyl Phthalate (DBP).

FEATURED INGREDIENTS & BENEFITS**Acrylates Copolymer, Nitrocellulose:**

Film formers used in nail treatments and Colour.

Adipic Acid/Neopentyl Glycol/Trimellitic Anhydride Copolymer:

Provides a protective, durable coating. Creates a hard, scratch-resistant and glossy surface.

Sucrose Acetate Isobutyrate:

Plasticizer that increases the flexibility of nail Colour.

Benzophenone-1:

UV light absorber that prevents discoloring or fading.

PRODUCT FEATURE

- CND Super Shiny top coat is 3-free.
- Regulatory agencies in some areas have begun to restrict or ban the use of Formaldehyde, Toluene and Dibutyl Phthalate in cosmetic products.

DIRECTIONS FOR USE

- Turn bottle upside down and roll between palms of hands to blend.
- Start with one coat of CND base coat of your choice applied to clean, manicured nails.
- Apply two thin coats of CND Colour.
- Apply one thin coat of CND Effects (optional).
- Finish with one coat of CND Super Shiny top coat.

CND offers comprehensive education opportunities. Check the education section of cnd.com for a course near you.

**CREATIVE SUGGESTIONS**

- Great for sealing nail art and adhering rhinestones or jewels.
